The manifest pages were originally microfilmed often in reverse order, so it is important that you click on each of the selected pages to verify the selections are correct before purchasing. If they are not correct, please use the carousel to find the matching page. The passenger record is based on manually transcribed data. Transcription errors do occur so it's always a good idea to view the manifest. If you feel there is an error in the transcription please click the "Annotations" tab at the top of the page to submit corrections. Our staff will review and get back to you.

Scroll through carousel and select image to view additional images.
